Nick,

RNA targets for zone 5 and 6 have been completed. Zone 7 is ¾ completed. These zone surround the Arkema site. We have Zone 4 which (Matagorda county) (also attached) ginned up for 4 Sept 2017. Since the Arkema tanks were just blown, we should be able to help you down south.

Subject: Update on today's activities

Can you guys give me an update on your daily activities please via the 214B.

Mark, you can just send me an email update. Thanks!
